

## Safety recommendation no. 2

<b>Date of the publication</b>	22.09.2016
<b>Number of the final report</b>	2015022001
<b>Safety deficit</b>	The vocal announcement of the next stop is regarded as an initial 'vocational gesture' to trigger the departure workflow. For safety reasons, an initial gesture for departure should, however, refer to checking if the relevant signal is open. The commonly used 'vocational gestures' mainly apply to matters that are not immediately safety relevant.
<b>Safety recommendation</b>	SBB Passenger Services should effect that the initial 'vocational gesture' for departure is reviewed and purged of matters that are not relevant to safety.
