

Safety recommendation no. 2

Date of the publication	22.09.2016
Number of the final report	2015022001
Safety deficit	The vocal announcement of the next stop is regarded as an initial 'vocational gesture' to trigger the departure workflow. For safety reasons, an initial gesture for departure should, however, refer to checking if the relevant signal is open. The commonly used 'vocational gestures' mainly apply to matters that are not immediately safety relevant.
Safety recommendation	SBB Passenger Services should effect that the initial 'vocational gesture' for departure is reviewed and purged of matters that are not relevant to safety.
Investigation report concerning the safety recommendation	<u>Schlussbericht</u>
