

Safety recommendation no. 61

Date of the publication	04.03.2014
Number of the final report	2013072902
Safety deficit	On Monday 29 July 2013 at 18:44, trains 12976, Payerne–Lausanne local service, and 4049, RegioExpress Lausanne–Payerne, collided on points no. 1 in Granges-Marnand station. On impact, train 12976 was travelling at 60 km/h and train 4049 at 45 km/h. Of the 45 persons in the two trains, 26 were injured, 6 of them seriously. The locomotive engineer of train 4049 was killed on the spot.
Safety recommendation	Revise the wording and the stages of the train departure process so it can be applied unambiguously.
Addressees	Bundesamt für Verkehr
Stage of the implementation	The train departure process was changed by SBB Passenger Traffic to 01.03.2018. The safety recommendation is implemented.
Investigation report concerning the safety recommendation	<u>Schlussbericht</u>
